

## WHS is traveling again!!

In March of 2022, we will lead adventurous travelers on a 9-day educational tour through Scandinavian Capitals to experience the nature, history, culture, and sites of this beautiful region. I can honestly say that a trip like this is life-changing. After this year of crazy Covidness, we're ready to get out and safely explore the world again!

We will be hosting a virtual information meeting to provide more information about these tours and open enrollment.
